Let's start with WHY VISHVESHWARAYA?

VISHVESHWARAYA stands elated for several of its traits but it is our industry-oriented curriculum and excellent placement record that give us an edge over the others. Our team is dedicated to excellence in teaching, research and innovation to produce world-class leaders, who makes a difference by shaping a brighter tomorrow. We are also committed to making our students employable and providing the best of faculties along with a good placement.

WELCOME TO VISHVESHWARYA GROUP OF INSTITUTIONS

Dear Aspirants,

Vishveshwarya Institute has been cultivating talented minds to fulfill the requirements of the corporate/Industry for almost two decades now, by creating an extensive network of professionals across the globe. India is a growing economy and has the attention of world players for investment and expansion. This brings about a need for employable graduates. Creating world class young leaders, who can steer and transform Indian organisation into a global organisation to compete across the world is what we focus in Vishveshwarya Campus. We have no dearth of exceptional excellence and expertise, which we have gained and built up in past 22 years.

Vishveshwarya has designed industry/training integrated flagship program, Employability, along with ethics and sincerity building team activities, where the students are taken care of by national & international industries. Hence, assuring 100% placement as well as entrepreneurship with a very respectable annual package.

We have realised the pertinent need for industry-academia tie-ups wherein industry pursues competitive excellence and academia brings in innovation and knowledge to foster best practices to make the students not just employable but at par with the industry expectations.

With the ever-increasing number of aspiring candidates applying for our institution every year, we aim to create "Vishveshwarya University" in the near future with industry leaders as our partners. In today's world, dilemma of the students is to decide about the best college and course of study. Based on my personal knowledge and expertise in the sector, I will surely advise them to join Vishveshwarya Campus to relieve them from all of their worries. Vishveshwarya Campus provides the individual with benefit of a combination of academic experiences to develop relevant program called employability skills preparing them for the future challenges of the outside world.

The purpose of this prospectus is to help you with relevant information as clearly as possible – so that you can find out what you need to know to take the next big leap in your life.

MESSAGE FROM DIRECTOR

Dear Aspirants,

Vishveshwarya Group of Institutions extends warm and affectionate welcome to the aspirants looking to contribute in the growth of the nation. The institute has covered a long journey from its establishment in the year 2001 with an intake of 180 with B. Tech. to 2020 an intake of with more than 25 disciplines including Engineering, Pharmacy, Agriculture, Law, management etc. The institute has nurtured professionals who have been contributing to the growth of globally recognised organizations.

In pursuance of the New Education Policy by Government of India, the institute is working for expansion and diversification its academic horizon and most importantly committed to vertical and horizontal integration among academic disciplines. We are committed to impart the state of art skills to the students through our skilling schemes like Dakshata, DID, Peer to Peer.

The institution has a full-fledged Incubation Center (Vishveshwarya Center for Incubation and Innovation - VCorp) registered with UP state startup portal. In addition to this an Institute Innovation Cell - VGI IIC is also active in institution. The forced unit is meant to provide training and support for budding entrepreneurs.

Vishveshwarya Group of Institutions is one of the largest campuses which provide ample facilities for sports and co-curricular activities. The campus provides accommodation to faculty and staff along with the students with the purpose of creating a vibrant environment after working hours. In addition the institute is committed to stimulate entrepreneurial skills of the students with a mission to attain the goals of Atma Nirbhar Bharat

The institute has collaborated with central government agencies such as NPC, C-DAC, NASSCOM and striving hard to collaborate with corporate giants in order to assure employment for students.

The institution has a policy of "one to one monitoring" of the students and, the teachers are being empowered with skill and knowledge by industrial and academic expert.

Regards
Dr. Vishwa Ratna Mishra

Why

VISHVESHWARYA

ASK OUR COO

Dr. Poornima Sharma

(COO), Vishveshwarya Group of Institutions,
Ph.d | M.Phil. | M.P. Ed. | B.Sc.

“ The team of career guides and advisors has been instrumental in helping me navigate my career path and has provided invaluable guidance and support throughout the process. I felt like I had a trusted partner in my corner as I worked through the application requirements. They reviewed my application materials and provided critical feedback that helped me refine my personal statement, highlight my academic achievements, and present myself in the best light possible. Overall, I feel that the team career guidance and placement offered by my college have been instrumental in my success in securing a job in my chosen field.

Arpita | MBA

Testimonial

Why should I consider Vishveshwarya Campus over other colleges ?

Nowadays all employers demand a fully trained, adaptable and self driven employee, who can be an asset to the company from day one. At Vishveshwarya Campus, we make you employable as the curriculum has been designed after having an extensive discussion with various industry experts, while we continue to involve experts & technicians in our Academic Council, we ensure that the course encompasses relevant activities, which lead you to get a better job.

How is the infrastructure of the college? How is the campus life and the environment in and around college campus ?

The college has beautiful 65 acres huge campus with lush green lawns, and boasts of modern infrastructure including state-of-art laboratories having cutting-edge apparatus and equipments. A separate hostel facility has been provided for both the boys and girls. The life at Vishveshwarya Campus is an amalgamation of fun and learning. For on-campus activities like;

students' clubs, sports activities, annual events to an endless array of cultural and entertaining activities; life is just a VIBGYOR at Vishveshwarya Campus.

Should I avail Hostel accommodation or not ?

You must avail the hostel accommodation as it becomes so easy to get involved with other students. You will have a great experience there. The campus food, the dining & housekeeping facilities are good enough to provide you homely atmosphere. You can have a great social life in the hostel.

Apart from academics, what else is there to enjoy my student life at Vishveshwarya Campus ?

There are so many great things about Vishveshwarya campus life. There is always something to do on and off campus. There are several student club on campus which you can join. The campus life of Vishveshwarya has multi-facets to enjoy there are several

Students' club which harness and challenge the creativity and innovation among the students. The friendly atmosphere, group studies, varieties of sports, cultural fests and events simply adds vigour to students' life and personality.

How Vishveshwarya Campus will help in my Holistic development ?

A confluence of contemporary academics with Indian values & ethics, we develop grit, self-control, persistence and thus overall development to prepare students for achieving success. We activate the mindsets of students with positive traits.

All sounds great but what about my career and other skills apart from academics ?

We focus on the development of 21st century skills like Communication skill, Team Building, Time Management, Leadership skills so on and so forth which empowers the students to work

effectively in this competitive work environment. We also offer paid Employment Enhancement Programs through which students can command the knowledge of Technical & Field related to professional programs. Hence, you will be employable.

What about Education Loan ?

Once the candidate has paid the amount to reserve the seat, the Provisional Admission Certificate is issued by the Institution. In case the candidate needs an education loan, a bona-fide & expenditure statement is provided to him/her by the Institution enabling him/her to process the Education loan. We have tie up with Grayquest Education Finance Pvt. Ltd. Grayquest provides education loans to the students at 0% cost EMI (Interest free Instalments). Hence, the students has to pay only the principal amount in EMI's.

What are the timings of Vishveshwarya Campus centre for admissions ?

Vishveshwarya Center for admissions remains open between from 10:00AM to 05:00PM, Monday through Saturday, with the exception of major Indian holidays.

What is the basis for an admission decision ?

Admission decisions are based on scholastic aptitude, performance score in selection rounds and suitability to take up the desired course, provided the candidate meets the eligibility condition as mentioned in the Prospectus in terms of qualifying aggregate percentage/marks/ grades.

How do I need to apply and proceed for admission ?

You need to send your interest to coo@vgi.ac.in with the scanned copy of your required qualification document or fill out an application form available at our campus or on our website and you shall be informed about the examination

dates and venue. To appear for examination, you must come along with the qualification documents.

How to apply :

There are two modes of admission:

Through entrance examination conducted for respective course by state government or central government authority

Vishveshwarya Eligibility Test (VET) : The seats of management quota / leftover will be filled through Vishveshwarya Eligibility Test and a personal interview round of the candidate.

WE HAVE BEEN GOING FOR A LONG TIME

MISSION

To evolve as an institution by creating competent professionals with strong ethical values who can exhibit multidisciplinary skills in a globally competitive environment.

VISION

- To create an environment for multidisciplinary education where students can execute tasks involving the expertise of multiple domains.
- To impart cross-cultural and ethical training through the execution of projects created to solve socio-cultural issues.
- To provide training that suits the globally competitive environment.
- To increase out reach for financially deprived & geographically isolated talents.

BOARD OF GOVERNING BODY

Shri V.K. Jindal

Chairman
Shree Nath Ji Trust

Shri V.K. Jindal is an industrialist and an educationist. He started his business in the Cotton & Paper manufacturing sectors and finally entered into the construction business. In 1996, he moved to real estate and established SVP Group in 2000. The SVP Group has also entered into the area of developing extensive shopping arcades and multiplexes. The Education Vertical - Vishveshwarya Campus is a part of Corporate Social Responsibility (CSR) and aims to provide quality education to students at a low cost. The objective is not to earn profit but to serve society.

Shri Sanjeev Bansal

Vice Chairman
Shri Nath Ji Trust

Shri Sanjeev Bansal is a well-known Industrialist of Iron & Steel. He has visualized the setup of Vishveshwarya Campus with the sole objective to make higher education accessible to economically weaker students and has initiated quite a many new schemes of scholarships for the meritorious students to fulfil the aim.

Shri Sunil Jindal

Secretary-
Shri Nath Ji Trust

Mr. Sunil Jindal, B.Tech. (Industrial) and MBA (Finance) by qualification is a multi-faceted professional. He started off his career with the Vishveshwarya Group of Institutions in 2000. He has contributed to education by establishing the Vishveshwarya Institute of Engineering & Technology (VIET) in Greater Noida. He is one of the Board Members of VIET and is currently involved in carving out the strategic direction for the college. His vision, goal, and strategic growth plan for the organization have contributed significantly to pave the way for the organization's overall augmentation.

ACHIEVE EXCELLENCE WITH VISHVESHWARYA CAMPUS

Testimonial

“

When I was applying to colleges, I wasn't sure what to expect. But as soon as I stepped onto this campus, I knew it was the right choice for me. " The faculty here is amazing. They're not only experts in their fields, but they're also passionate about teaching and helping students succeed. I've joined the "Dakshta Club," which focuses on the practical aspects of the language so that students can use it fluently. Thanks to Vishveshwarya Campus, I feel confident that I am prepared for the workforce and excited about the opportunities that lie ahead.

...

”

ACADEMIC EXCELLENCE

LEARNING EXCELLENCE

CO-CURRICULAR EXCELLENCE

CAREER EXCELLENCE

TEACHING & LEARNING PEDAGOGY

Vishveshwarya Campus is known and respected for innovative methods in teaching and learning pedagogy. Along with teaching and learning, the institution focuses on collaborative research & product development by the students & faculty members. Also, the methodology of one-to-one interaction between faculty & students as well as between students & students contributes towards the holistic personality development of students.

Traditional & Innovative Teaching & Learning

Dakshta

Dakshta is a mission wherein all the students of Vishveshwarya are enrolled on the Dakshta portal and their continuous assessment is made on the Dakshta portal. The assessments are based on various parameters which includes their communication skills, body language, personality traits, students' decorum, behaviour and etiquettes. The students are awarded with placement score thus giving a minute suggestive reflection in which the student fits well. This record over the period of time acts as the stakeholder in the development of a student.

TOP 10
IN DELHI NCR FOR
TEACHING

Peer to Peer Teaching & Training

As per the pyramid of learning, it is always said that the best method of teaching is to discuss. Therefore, to promote the culture of discussion we have paved the way for the peer-to-peer learning wherein the senior students are trained by the faculty to teach their juniors. The seniors are guided in such a way so that the interaction between the seniors and juniors should come out as the knowledge sharing process. We have also gathered the feedback from junior students regarding the peer-to-peer teaching practice and the inputs which have been received are simply commendable. The rapport which has been established between the senior and juniors turned in as a valued added relationship and environment for the institution. Our Dakshta program which acts as the mirror reflection for each student to reflect back their academic and personality growth has also received a remarkable shoot up through the peer teaching initiative. To be more specific and precise, we are glad to state the fact that the industry people and people from reputed academic institutions have also praised the Dakshta peer-to-peer program.

DID (Do it Daily)

One of the most popular sayings of Kabir Das says, "kal kare so aaj kar, aaj kare so ab". Inspired by the same thought process Vishveshwarya Campus has developed the practice of DID with an insight to gradually convert it into the habit. The purpose behind this innovative practice has two objectives; the first one is to reduce the backlog of learning for the students and the second one is to improvise their skill of expression and communication. Through DID we ensure the daily monitoring of students' promptness in completing their tasks well on time. The students are guided to write a page about the entire day's activity of theirs in English which they also have to narrate in

front of other students in the classroom. Along with this they are also assigned with 5-10 questions on daily basis which are being tested every week. This practice has been appreciated and accepted open heartedly by 85% of the students. They have voiced very openly how the habit of DID helped them in coping up well with the pressure. Another facet of this program is mock interview session where one student acts as the interviewer and the other one is interviewee and vice versa. Thus, preparing the students for the upcoming facts of their professional life.

Flip Class Methodology

The Flip Class Methodology is a method where the class is exchanged between the teacher and the students, where the student will teach and the teacher will monitor how that student is teaching. If two teachers are teaching the same subject, then their classes may be exchanged. This process creates competitiveness among the students as well as the teachers and creates a competitive environment where the students' learning increases because they are getting knowledge of the same subject from various resources. In this case, nearly 45% of students say that they are ready to be a part of Flip Classes in which a student lead the classroom session. Initially, a survey was made, and hardly 10% of students were ready to participate in Flip Classes because of their hesitation and fear of public speaking. The institute endeavors to meet this number, and now the scenario is that at least 80% students are willing to take the lead of the class to teach their content and concept to their batch-mates.

Interaction Between Industry Experts, Alumni & Students

Vishveshwarya Campus has witnessed and been enriched with many industry experts who have kept on imparting their domain expertise with us. Through the methodology of 1:1 or 1:5, the alumni or experts from the industry are frequently interacting with students to provide knowledge, skills, and domain expertise in their respective fields. This gives the students an edge over their competitors. This has given the students an extra edge of exposure to the students to confront their competitors.

BMW Research Lab

Vishveshwarya Group of Institutions has received BMW's proprietary Twin Power Turbo In-Line 4-Cylinder Diesel Engine and Eight-Speed Steptronic Automatic Transmission for demonstration/ practice/ learning for Engineering students under the scheme SKILLNEXT (technical skilling initiative) In the BMW research lab, students learn and explore their knowledge in the field of automatic engines.

Virtual Labs Nodal Center

Vishveshwarya Group of Institutions has now become an official Nodal Center of Virtual Lab" in affiliation with IIT Kanpur & IIT Mumbai. To improve the education and learning of our students further, the institute has established a unique program to provide opportunities for students to boost the quality of engineering education and gain the necessary practical exposure.

2-D/3-D Working Model Based Learning

This approach of learning caters certain concepts by using models. With the attitude of being equipped with these basic needs of education we have collaborated with BMW for their Genskill Program and some more fruitful programs in collaboration with NPC (National Productivity Council) are also in pipeline. The students are trained to explain the 3D models, assemble them and most importantly to put their model into the working condition. Thus, ensuring the feel of actual industry project.

If I can inspire students to study and instill in them a thirst for knowledge, & practical experience, I feel this is the best path to effective learning and in turn, greater student achievement.

Prof. Hina Chadda
Principal Pharmacy

CAREER EXCELLENCE

ENHANCE YOUR EMPLOYABILITY

Do you know we are among the top 10 colleges for Employability.

You are in safe hands at Vishveshwarya Campus, where you need to give a great start to your career.

8 WAYS TO HELP THE STUDENTS GAIN SUCCESS

1 The Corporate Resource Department (CRD) of Vishveshwarya Campus provides complete support to the students and visiting companies at every stage of the placement process.

2 The department plays an important role between industry and students by providing career counseling sessions, arrangements for pre-placement talks, written tests, interviews, and group discussions as per the requirements of the visiting companies.

3 The cell also organizes industrial visits, workshops, job fairs, seminars, group discussions, and mock interviews. Cell sessions are conducted once a week for all students to groom them in areas of communication, soft skills, & personality development.

4 CRD often conducts special sessions whereby contemporary economic, political, business issues and news are shared through extempore, quizzes and open forum discussion within the campus.

5 Corporate Resource Department at Vishveshwarya Campus, impart IT and Non-IT, Technical and Non Technical domain training, which supports our students around the world.

6 Our trainers provide invaluable inputs to our young technocrats, design training programs and soft skill training for students to compete, confront and overcome the challenges

7 The CRD provides Technical Paid Training Programs to the students to enhance their expertise and to keep them updated with professional software programs such as MS Office, Advance Excel, SQL, Asp.net, Python, Autocad, Solid works, Stad Pro Matlab, Embedded Systems, Big Data & Hadoop Developer, Cloud Computing, Artificial Intelligence & Machine Learning. A lot of other courses are also running simultaneously with afore mentioned ones.

8 Employability is woven into our courses-for example, our students gain hands-on experience through our training programs. All of our courses are affiliated with and accredited by government bodies, which is a stamp of approval to assure that they meet the highest professional standards.

96.3%

Alumni get into work or further studies, within six months of finishing their course thus placing us in top 10 colleges of Delhi-NCR for employability.

PLACEMENT RULES AND REGULATIONS

Campus placement in the Vishveshwarya Group of Institutions is a facility provided for all eligible final-year students. All eligible students must appear in all companies coming for campus recruitment, till they get placed or else the candidate is strictly debarred from the entire placement season. Students not interested in placement are requested not to register for it.

...

Eligibility Criteria and Placement Registration

- The job seeking candidate must be the pass out student of Diploma, Graduation or Post Graduation from Vishveshwarya Campus by the end of the academic year and is seeking employment.
- Each student should register to the placement cell with a duly filled Registration form and submit the hard copy of the student-placement registration form to the placement officer along with their resume.
- All students who wish to take part in the institute campus placements should take part in the soft skills program organized by the institute without missing a beat. Otherwise, their registration for placement will be cancelled.

Resume-Student Placement Registration

- Information regarding company visits will be provided through announcements and notice boards. Students are advised to check the details from time to time.
- Students are expected to follow the Institute resume template available in the college for preparing their personal resumes.
- The details of the resume have to be genuine, in case anyone is found violating this rule strict action related to prohibition to apply for the placements for the rest of the academic year.
- Depending on the profile/requirements laid out by the respective company, a detailed resume should be prepared attractively and submitted within the deadline. Late submissions will not be considered for the test/interview.
- Students have to always carry one folder with them containing a hardboard, attested mark sheets, certificates, passport-size photographs, and resumes.
- The placement facility is available to all the students registered with the Corporate Resource Department (CRD) cell through the policy of matching one job to one student at the first instance. This ensures that every student gets equal job opportunities.

GUARANTEED ASSURED PLACEMENT

...

Knowledge Partners

...

MeitY

NASSCOM

The placement guarantee agreement program of Vishveshwarya Group of Institutions promises to provide the students assured secure placement under the fulfilment of the below mentioned parameters :-

- 75% or 7.5 CGPA minimum scoring in academic and non-academic assessments
- 85% attendance in all academic programs and co-curricular activities
- 95% attendance in practical workshop, industry engagement program and internships
- 100% adherence with disciplinary and placement rules of Vishveshwarya Group
- Will work with the employee organization for min. 1 year duration.
- The student who passes with 80% or above marks in assessment will get guaranteed placement by the Corporate Resource Department (CRD).

The candidates placed through placement guarantee agreement receive offer from all suitable and deserving sectors/functions and locations. It has been clearly observed from our side that the students lying towards the higher scoring bars (attaining 75%+ in internal assessments) get the placement quite easily in comparison to those who are towards lower scoring marks. Generally, those who score 60%-75% get an assured job. The guarantee provided assumes full flexibility on the kind of job and stands nullified if the candidate is not open minded and not responsive.

Recruitment & Training Partner

CollegeDekho

- College Dekho is our Training and Placement Partner.
- **CollegeDekho.com** is a one-stop solution for students that links education searchers with education providers while also providing information about colleges, courses, entrance exam details, and many other related topics.
- Customized programs for students that are specifically tailored to their requirements today.
- Collegedekho also provides a 6-month internship with companies for on-the-job learning.
- Collegedekho also ensures a minimum stipend until the end of the training tenure during the internship period.
- Collegedekho offers extensive, personalized counseling to understand students' needs and help them make informed decisions.

HCLTech

- **HCLTech** is our Training & Guaranteed Assured Placement Partner
- **HCLTech** Provides Futuram Programs for Students under which they will get certifications:
 - Full Stag Developer
 - Cloud Engineer
- **HCLTech** will help our students to get their first step right in building their IT career

SOME OF COLLEGE DEKHO RECRUITERS

...

SOME OF OUR RECRUITERS

...

I can't express enough gratitude to my college's placement cell. The cell worked tirelessly to ensure that each one of us was well-prepared for the recruitment process. They organised various training sessions and mock interviews that helped us polish our technical and soft skills. They also provided us with ample opportunities to attend job fairs and recruitment drives that gave us a chance to showcase our skills to potential employers. I was able to secure a job at a top company.

VISHVESHWARYA CAMPUS IS YOUR CITY

“ Vishveshwarya Campus is a wonderful city. As a student, I spend a lot of time on campus, and a cafeteria is a place that I frequently visit to grab a meal or snack. One thing I really appreciate about the cafeteria is the effort they make to accommodate different dietary needs. The food is great, the staff is friendly, and the atmosphere is welcoming. Thank you for providing such a great service to the students!

Specialization :
Finance, Marketing, HR, Operations IT & IB

MBA+ Employability 2 years AKTU, Lucknow

DEGREE AWARDED
Masters in Business Administration

MBA+Employability program of Vishveshwarya is focused to develop the students as per industry standards. It will recognize the personal as well as the professional development of students which is gained from their involvement in activities and beyond academic studies. This program guides the students through a range of experiences and reflections to unlock their potential and provides them with a suitable job as per their competence. After the successful completion of the course, eligible students shall be placed with a minimum package of ₹5 lac[^] annually.

Eligibility Criteria

Program	2 years	Eligibility
MBA+ Employability	2 years	Graduation (any Stream) with agg. 50% for Gen./OBC, 45% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

CUET / CAT / MAT / Vishveshwarya Eligibility Test (VET) / or any other National level Test as per University norms

Major Thrust areas of Employability Program

- English & Business Communication
- Soft Skills Development Including Various Types of Etiquettes & PD
- Cognitive & Group Behaviour
- Mock Interview
- Debate & Speech
- Goal Setting
- Team Management
- Conflict Management
- Sport Activities Events, Yoga, PT & Martial Art
- Holistic Development Program with CQ-Career Quotient advantage

Syllabus

For syllabus please visit the website www.vgi.ac.in/mba-emp

Corporate Exposure & Immersion Activities

- Pre-course Immersion activity (2 months)
- National-level Immersion Program & Case Studies
- International Immersion Program at relevant stage
- Special Workshops by Experts on Behavioral Sciences, International Business and Data Analytics
- Case Studies and Industry Expert Analysis
- Mock Placement Drive by Industry Experts

Career Prospects

- Project Manager
- Data Analyst
- Data Specialist
- System Manager
- Business Analytics
- Program Manager
- Digital Marketing Manager
- Public Policy Manager
- Chief Technology Officer
- IT Consultant
- Foreign Chain Manager
- Supply Chain Manager
- Chief Financial Officer
- HR Analytics
- HR Manager
- Social Media Coordinator
- Marketing Analyst
- Product Marketing Manager
- Import & Export Manager
- International Logistics Manager
- Corporate Auditor
- Finance Manager
- HR Generalist
- Recruitment Manager
- SEO Specialist
- Digital Strategist
- Chief Operating Officer

B.TECH.+ EMPLOYABILITY PROGRAMME

B.Tech.+
Employability 4 years AKTU,
Lucknow

DEGREE AWARDED

Bachelor of Technology in Mechanical Engineering
Bachelor of Technology in Electronics & Comm. Engineering
Bachelor of Technology in Computer Science Engineering

Mechanical Engineering

Major : Computer Integrated Manufacturing
Minor : Artificial Intelligence

Mechanical Engineering Employability Program at Vishveshwarya Campus is based on three way reading pedagogy with theory, practical in the college and live training in various OEM's at relevant stages. This program provides the right blend of knowledge complemented with practical skills to the pursuing students. After passing the program students get enough exposure in Robotics, Automation, Designing, R&D, AI & different stages of production. Eligible students shall be placed with min. package of ₹3.6lac[^] per annum.

Electronics & Comm. Engineering

Major : VLSI Design & Image Processing
Minor : Artificial Intelligence

India is striving very hard for micro chip manufacturing in the country. The future of tech will be lead by microchips & VLSI design with job profiles such as VLSI engineer, microchip designer will help the aspirants to enhance their salary to sky limits as India is poised to reach 55 billion dollar market by 2026. The institute offers flexibility in the B.Tech ECE Employability by adding artificial intelligence to it which is integrated part of chip design. Eligible students shall be placed with min. package of ₹3.6 lac[^] per annum.

Computer Science and Engineering

Major : Data Science
Minor : Artificial Intelligence

The Computer Science Engineering Employability program at Vishveshwarya is prepared as per the current corporate needs. The program is based on three-way reading pedagogy with theory, practical in the high-standard laboratory, and live training sessions on the latest technologies. This program gives the opportunity to learn the latest technologies such as Artificial Intelligence, Robotics, Machine Learning, Blockchain, Cyber security, Full Stack Development, and Cloud-based technologies. Eligible students shall be placed with min. package of ₹ 5 lac[^] per annum.

Empowered by **CDAC, NASSCOM & Future Prime Skill**

POLYTECHNIC+ EMPLOYABILITY PROGRAMME

Branch - CSE | ME (Production) | CE | EE & Fashion Design & Garment Technology

Polytechnic+ Employability 3 years BTE, Lucknow (U.P)

DIPLOMA AWARDED
Diploma in Polytechnic

Polytechnic courses are career oriented program after secondary education with a wide spectrum of Subjects. The courses are technical in nature and are aimed at equipping students with hand on practical training in various fields. At Vishveshwarya Institute of Polytechnic, the nature of training is industry focused & job oriented. The curriculum is clubbed with industry specific practical training by the experts from Industries bodies like SIAM, NASSCOM, NPC, ACMA, FADA etc. Which will make students employable in different fields. Eligible students shall be placed with min. package of ₹2.4lac[^] per annum.

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic+ Employability	3 years	10th passed & as per BTE, Lucknow Norms

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Program Objective

- To enhance the skills of critical thinking amongst unskilled employees of industry.
- To educate the problem & project based learning amongst the industry employees.
- To shape and groom competent professionals and technically enhanced qualifications
- To facilitate and adapt the current wave of industrial change towards the concept of industry 4.0

Career Prospects

- Software Engineer
- Hardware Engineer
- Data analytics
- Networking Engineer
- Software Tester
- Web Designer
- App Developer
- Electrical Product Design Engineer
- Supervisory role in OEM's
- Branded retail stores
- Construction of Buildings, Dams and Tunnels
- Technical Advisor in large Fashion Houses or Textile Factories
- Government Sector
- Railways

Syllabus

B.PHARM+ EMPLOYABILITY PROGRAMME

B.Pharm+ Employability 4 years AKTU, Lucknow

DEGREE AWARDED
Bachelor of Pharmacy

Bachelor of Pharmacy (B. Pharm) is an undergraduate degree course in the field of Pharmacy. The B.Pharm is one of the popular job oriented course among the science students after class 12th. In this course the students study about the drugs and medicines, Pharmaceutical Engineering, Medicinal Chemistry etc.

B.Pharm+ Employability program is job assured, pharma industry centric program where apart from general curriculum of B. Pharma student will be provided in-depth training and knowledge in the areas of Pharmacovigilance, Medical Coding, Clinical Research, Drug Regulatory affairs, strategic management for Health care etc. They will receive certification from the allied agencies recognized by Govt. of India. Communication skill development and Holistic development modules is also part of B. Pharma + Employability Curriculum. The training and certifications will enhance the job opportunity of the students to take up employment in the government or private sector or can start their own business and become a pharma entrepreneur. After certification they can explore the jobs in Pharmaceuticals industries, Health care system, Hospital, Agrochemicals, Cosmetics, Complementary medicines, biomedical, social and clinical science etc. Eligible students shall be placed with min. package of ₹3 lac[^] per annum.

Eligibility Criteria

Program	Eligibility
B.Pharm+ Employability	12th passed (PCB/PCM) with agg. 45% for Gen./OBC, 40% for SC/ST or Eligibility Criteria as per University/ PCI Norms

Mode of Admission

as per University/ PCI norms/ Vishveshwarya Eligibility Test (VET)

Syllabus

PCI Approved Syllabus, affiliated with AKTU. Certification course by ACPL (Accrediated Consultants PVT Ltd). For syllabus please visit the website www.vgi.ac.in/bpharm-emp

Career Prospects

- Regulatory Affairs (RA)
- Medical Transcription and medical coding
- SAP programmer in CROs
- Controlling the safety and efficacy of products in areas including pharmaceuticals, veterinary medicines, medical devices etc.
- Working directly in hospitals or other clinical settings
- Researcher in distributing health resources
- Medical devices and Quality Control Manufacturing
- Medical Science Liaisons
- Patent Attorneys
- Product Developers/Formulators
- Quality Assurance
- Biotechnology Research Scientist
- Pharmaceutical Financial Analyst
- Pharmacovigilance
- Drug Safety Specialist
- Academician

BCA+ Employability 3 years CCS University, Meerut

DEGREE AWARDED
Bachelor in Computer Application

BCA+ Employability is a three year degree program. This program is job assured, industry centric program for those who want to study computer science, software engineering, information technology, information security, and networking technology. The degree focuses on the design, development, and deployment of software systems with a special focus on the programming with assured placement and paid internship' in 6th semester. Vishveshwarya group of institutions gives many opportunities to make money as an expert in your field. As a computer programmer, you can find different types of software, including databases and web software. Eligible students shall be placed with min. package of ₹ 2.4 lacs^ per annum.

Eligibility Criteria

Program	3 years	Eligibility
BCA+ Employability	3 years	12th passed with 45% for Gen./OBC, 33% for SC/ST (Art with maths)/Ag/Bio/ Science/Commerce), Maths mandatory at High School or Intermediate or Eligibility Criteria as per University norms

Mode of Admission

As per University norms / Vishveshwarya Eligibility Test (VET)

Syllabus

For syllabus please visit the website www.vgi.ac.in/bca-emp

Program Highlights

- Developing innate talents & skills through Logical & Aptitude Training
- Pedagogy that is creative & incorporates Hands-on Training
- Job Assured Programme
- Professional Certifications from Edx
- Corporate Assurance Assessment Programme: To enhance interview skills
- Training by CXO's

Career Prospects

- System Engineer
- Computer programmer
- Network Administrator
- Web Developer
- Web Designer
- Quality Analyst
- Software Tester
- Junior Test Support
- Word press Developer

As a B.Tech student at Vishveshwarya Group of Institutions, I can say that this institution has provided me with a holistic learning experience that goes beyond the classroom. The practical approach to teaching and learning has helped me develop a problem-solving attitude and analytical thinking skills that are highly valued in the job market. Vishveshwarya campus has a strong placement record and provides ample opportunities for students to secure 100% guaranteed job placements in top

COMMUNICATION AND HOLISTIC DEVELOPMENT PROGRAM UNDER EMPLOYABILITY

With technical expertise of certification courses HDP & Communication Skill add an 'Ostrich's Plume' to the hat of students pursuing the Employability Program. In the present context of time the world is available to the youth at a click! Facts and information are scattered all over through the active role of media but what is actually missing out among the youth is the ability to add on their customized thought process and create their own style of expression with confidence. Communication is that trait which justifies the humans' description of themselves as the social animal. But communication is not the mere impartment of the thoughts rather a customized way to expressing what is needed to be quoted at the right time and at right place.

The general trivia about communication is only confined within the periphery of speaking English, while it has a multifaceted angles which includes the usages of wide variant of English grammar, functional English, communicative English and professional English. The HDP and communicative class planned under the EMPLOYABILITY PROGRAM has been empowered with all those ingredients which will enable the student to present himself, his concept, innovations, learning in accordance to the stream he is earning the expertise.

It's time to vest the academic potentiality with a sanguine personality through

- Work Pressure
...
- Smart Work
...
- Customised work approach

SKILLS

Acting Honestly	Valuing and adhering to ethical and moral standards of behaviour along with the personal level of humility
Keeping an Open Mind	Developing the trait of 'Curious Me', zealous to know variety of ideas, beliefs, people and experiences
Maintaining Composure	Learn to balance between the gesture and posture, the approach of postures at different situations, harnessing the skill of staying calm, serene and able to manage emotions effectively
Socializing with others	Usage of euphemism at professional and social grounds, preferred level of social interaction, behaviour in interpersonal and reflection of behaviour in intra personal situations, optimum optimism
Getting along with others	Effective and optimum interaction, cooperating with others, being kind, friendly, polite and tactful, the approach of being complement
Sustaining efforts	Developing diligence, effort, organization, self-control and compliance

Spatial Skill	Spatial Intelligence
<ul style="list-style-type: none"> Visualizing, locating, dimension shifting, diagramming, modelling, perspective taking To develop the ability to situate ourselves, move around, orient ourselves, make multiple decisions, analyse situations, understanding and representing the our surrounding. 	Interpreting Graphs, understanding and guiding navigation, identifying appropriate work place, merging into traffic, packing bag-packs

21 st CENTURY SKILLS	4Cs	IMT	FLIPS
	Critical Thinking	Information Literacy	Flexibility & Adaptability
	Creativity & Innovation	Media Literacy	Leadership & Responsibility
	Collaboration	Technology Literacy	Initiative & Self-Direction
	Communication		Productivity & Accountability
			Social & Cross-Cultural Interaction

FACULTY OF ENGINEERING

Department : Mechanical Engineering

B.Tech. 4 years AKTU, Lucknow (UP)

DEGREE AWARDED
Bachelor of Technology in Mechanical Engineering

Mechanical Engineering is the discipline to distribute knowledge and technologies, by applying principles from Engineering, Physics in design and analysis of manufacturing system through quality teaching, research, and applications in our life. That applies Engineering, Physics, Engineering Mathematics, and Materials Science, principles to design, analyze, manufacture, and maintain mechanical systems. It is one of the oldest and broadest of the engineering disciplines.

Eligibility Criteria

Program	4 years	Eligibility
B.Tech (Mechanical Engineering)	4 years	12th passed in PCM with agg. 45% for Gen./OBC, 40% for SC/ST or Eligibility Criteria as per University Norms
B.Tech (Lateral Entry)	3 years	3yrs. Diploma in Engg./ B.Sc (Maths) with 45% for Gen. /OBC, 40% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

JEE (Mains)/ Vishveshwarya Eligibility Test (VET) / or any other National level Test as per University norms

Syllabus

The present curriculum of Mechanical Engineering provides understanding in the field of Thermal Engineering, Design Engineering, Industrial Engineering, Manufacturing Engineering, Robotics, Renewable Energy and many more. Some of the important subjects of this course curriculum are

- Engineering Mechanics
- Strength of Materials
- Machine Design
- Theory of Machine
- Basic and Applied Thermodynamics
- Power Plant Engg.
- Fluid Engineering
- Material Science
- Manufacturing Science
- Operation Research
- Mechatronics
- Non-Conventional Energy Resources
- Professional English

M.Tech. 2 years AKTU, Lucknow (UP)

DEGREE AWARDED
Master of Technology in Mechanical Engineering

Eligibility Criteria

Program	2 years	Eligibility
M.Tech (Mechanical Engineering)	2 years	BE / B.Tech / MCA with agg. 50% for Gen./OBC, 45% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

With a valid GATE score/ CUET/ Vishveshwarya Eligibility Test (VET) or as per University norms

Syllabus

- Simulation, Modeling & Analysis
- Operation Research
- Computer Integrated Manufacturing
- Advance Mechanics & Methodology
- Elective Subjects

Labs

- Manufacturing Science Lab
- Fluid Mechanics & Machinery Lab
- Metrology Lab
- Tom (Theory of Machine) Lab
- Material Science Lab
- CAD-CAM Lab
- Automobile Lab
- RAC Lab
- Workshop Practice

Career Prospects

Mechanical Engineering is the broadest of all Engineering fields so the job prospects offer for skilled Mechanical Engineers are plenty and unending. Mechanical Engineers are required to design, test, manufacture, install, operate and maintain a wide array of machines and mechanical systems that are used in countless industries.

Government Sector:

- BARC
- DRDO and many other central and state institutions.

Public Sector:

- NTPC
- BHEL
- HAL
- NHPC etc.

- Private Sector:
- Maruti
- Honda
- Mahindra
- JBM
- and other OEM's

Research Field

Apart from employment, higher studies in IIT's, NIT's, IIM's and in various foreign universities are other career prospects for Mechanical Engineers.

“

This program gave me knowledge of the different field of Mechanical branches like Design of machines, Manufacturing, and Industrial Engineering. I have also many ideas for new inventions, which are useful in society.

FACULTY OF ENGINEERING

Department : Electrical Engineering

B.Tech. 4 years AKTU, Lucknow (UP)

DEGREE AWARDED
Bachelor of Technology in Electrical Engineering

The department has progressed rapidly and is now regarded as one of the premiere departments, with excellent infrastructure and full-time faculty. The course content is intended to give the students a holistic and pragmatic view of the present scenario of the Electrical Engineering industry as well as a grounding in the concepts and theories that will shape the future of the industry.

Eligibility Criteria

Program	Duration	Eligibility
B.Tech (Electrical Engineering)	4 years	12th passed in PCM with agg. 45% for Gen./OBC, 40% for SC/ST or Eligibility Criteria as per University Norms
B.Tech (Lateral Entry)	3 years	3yrs. Diploma in Engg./ B.Sc (Maths) with 45% for Gen. /OBC, 40% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

JEE (Mains)/ Vishveshwarya Eligibility Test (VET) / or any other National level Test as per University norms

Syllabus

- Electrical Machines AC/DC
- Network Systems
- Power Plant Engineering
- Power System Analysis
- Power Electronics
- Extra High voltage Engineering
- Generation of Electrical Engineering
- Microprocessor
- Electrical Drive Lab
- Control System Lab
- Professional English

“

The curriculum of my college is well-structured and covers all the essential topics related to electrical engineering. The faculty members are highly qualified and experienced, and they use innovative teaching methods to make the learning process engaging and interactive. The college regularly organizes industrial visits, workshops, seminars, and internships, which help us understand the practical aspects of the industry and the work environment.

M.Tech. 2 years AKTU, Lucknow (UP)

DEGREE AWARDED
Master of Technology in Electrical Engineering

Eligibility Criteria

Program	Duration	Eligibility
M.Tech (Electrical Engineering)	2 years	BE / B.Tech / MCA with agg. 50% for Gen./OBC, 45% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

With a valid GATE score/ CUET/ Vishveshwarya Eligibility Test (VET) or as per University norms

Syllabus

- Advanced Control System
- Power System Operation and Control
- Micro Controller
- Advanced Instrumentation of Control
- High Voltage Engineering
- Energy System Management
- Digital Signal Processing
- Digital Control System
- Modeling & Simulation of Power Electronic Circuit
- Neural Network and Fuzzy System
- Optimization Techniques

Labs

- Advanced Control System Lab
- Advanced Power System Lab
- Advanced Micro Controller Lab
- Basic Electrical Engineering Lab
- Network System Lab
- Power System lab
- Electrical Machine Lab
- Circuit Simulation Lab through computer system
- Measurement & Instrumentation Lab etc

Career Prospects

- QC Engineers
- Electrical Design Engineer
- Electrical Research Engineer
- Test Engineer
- Reliability Engineer
- Process & Manufacturing Engineer
- Power Grid Corporation of India Limited (PGCIL)
- Bharat Electronics Limited (BEL)
- Bharat Heavy Electricals Limited (BHEL)
- National Thermal Power Corporation (NTPC)
- Coal India Limited (CIL)
- Oil and Natural Gas Corporation (ONGC)
- Steel Authority of India Limited (SAIL)

FACULTY OF ENGINEERING

Department : Electronics & Communication Engg.

B.Tech. 4 years AKTU, Lucknow (UP)

DEGREE AWARDED
Bachelor of Technology in Electronics & Comm. Engg.

The Electronics and Communication stream represents two fastest growing technology areas in view of exponential growth taking place in the communication networks in the country. The department is organized in tune with these latest developments in terms of curriculum, well-qualified faculty and the state-of-the-art labs for B.Tech course in Electronics & Communication Engineering along with M.Tech course in Electronics & Communication Engineering.

Eligibility Criteria

Program	Duration	Eligibility
B.Tech (Electronics & Communication Engineering)	4 years	12th passed in PCM with agg. 45% for Gen./OBC, 40% for SC/ST or Eligibility Criteria as per University Norms
B.Tech (Lateral Entry)	3 years	3yrs. Diploma in Engg./ B.Sc (Maths) with 45% for Gen. /OBC, 40% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

JEE (Mains)/ Vishveshwarya Eligibility Test (VET) / or any other National level Test as per University norms

Syllabus

- Communication
- Antenna design
- Data communication and networking
- Microwave engineering
- Control system
- Embedded system design
- Robotics
- Microprocessor and micro controller
- Optical fibre communication
- Network analysis and synthesis
- Integrated circuits
- Solid state devices
- Basic Electronics
- Signals and systems
- Satellite communication
- Professional English

M.Tech. 2 years AKTU, Lucknow (UP)

DEGREE AWARDED
Master of Technology in Electronics & Communication Engg.

Eligibility Criteria

Program	Duration	Eligibility
M.Tech (Electronics & Communication Engineering)	2 years	BE / B.Tech / MCA with agg. 50% for Gen./OBC, 45% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

With a valid GATE score/ CUET/ Vishveshwarya Eligibility Test (VET) or as per University norms

Syllabus

- Advanced Digital Communication
- Discrete Time Signal Processing
- Detection and Estimation Theory
- Antenna Theory and Design
- Optical Communication
- Next Generation Network
- Error Control and Coding
- Microwave Communication Engineering
- Advanced Optical Network
- Advanced Wireless Network

Labs

- VLSI Lab
- Digital Image Processing Lab
- Circuit Simulation Lab
- Instrumentation & Sensor Lab
- Communication Engineering Lab
- Optical Fiber Communication Lab
- Modeling and Simulation Lab
- Communication System Lab

Complement the high standards set by the competitive syllabus and nurture the inclination of the students towards research and development, besides giving them the necessary and sufficient backing of practical knowledge that they need.

Department has established an R&D lab sponsored by AICTE equipped with latest Embedded system and VLSI design equipment.

Career Prospects

- Designing field
- Application field
- Sales and service field
- Implementation and O & M field
- VLSI & embedded system
- Communication engineering
- Signal processing

FACULTY OF POLYTECHNIC

Department : Polytechnic (Computer Science and Engineering)

Polytechnic
 3 years
 BTE (Lucknow, U.P)

DIPLOMA AWARDED
Diploma in Computer Science & Engineering

The Diploma in Engineering or Polytechnic program is focused on practical and skill-oriented training. It is a technical degree that only covers the essentials when ranked with an undergraduate engineering degree. It aims to provide students with industry or job related engineering knowledge, scientific skills, computing and analysis, mathematical techniques, a sound knowledge of English to communicate in the field and ability to apply problem solving techniques. Students holding polytechnic diplomas typically find jobs right after college due to their practical skills earned at the Polytechnic.

- Applied Mathematics - II
- Functional Communication
- Data Structure
- Web Technology I & II
- Digital Electronics & Measuring Instrument
- Office Automation Tool
- Data Communication and Computer Network
- Operating System
- Microprocessor & Its Application
- Industrial Management & Entrepreneurship Development
- Database Management System
- Java Programming
- Computer Hardware & Maintenance
- Networking Administration & Security
- E-Commerce
- Information Security and Laws

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic (Computer Science & Engg.)	3 years	10th Passed or Eligibility Criteria as per Board Norms
Lateral Entry	2 years	12th Passed (PCM) / ITI or Eligibility Criteria as per Board Norms

Labs

- Computer Network Lab
- DBMS Lab
- C/C++ Programming Lab
- Java Programming Lab
- Cad/cam Lab
- Algorithms Lab
- Projects Lab

Career Prospects

Nowadays almost all organizations and companies are reliant on computers. So, all companies require computer engineers for development, maintenance and repair of computer systems. Hence, the Diploma computer engineers can work as:

- Software Engineer
- Hardware Engineer
- Networking Engineer
- Software Tester
- Web Designer
- App Developer
- Project Engineer
- Telecommunication Sector
- Software Development Firms
- Armed Forces
- PSU's

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Syllabus

- Applied Physics
- Applied Chemistry
- Applied Maths-I
- Communication Skills
- Engineering Drawing
- Basics of Computer and IT
- General Workshop Practice
- Basic of Electrical and Electronics Engineering
- Multimedia and Animation
- Concept of Programming Using C+
- Office Automation Tool

FACULTY OF POLYTECHNIC

Department : Mechanical Engineering (Production)

Polytechnic 3 years BTE (Lucknow, U.P)

DIPLOMA AWARDED
Diploma in Mechanical Engineering (Production)

Polytechnic Diploma in Mechanical Engineering provides broad-based and diverse engineering learning in the areas like thermodynamics, solid and fluid mechanics, combustion, instrumentation and control, material science, product and system design and manufacturing.

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic Mechanical Engg. (Production)	3 years	10th Passed or Eligibility Criteria as per Board Norms
Lateral Entry	2 years	12th Passed (PCM) / ITI or Eligibility Criteria as per Board Norms

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Syllabus

- Applied Physics
- Applied Chemistry
- Applied Maths
- Communication Skills
- Engineering Drawing
- Basics of Computer and IT
- General Workshop Practice
- General Engineering
- General Engineering Drawing Second
- Material & Material Science
- Thermal Engineering
- Manufacturing Process
- Mechanics of Solid
- Hydraulic Machines
- Mechanical Engineering Drawing
- Electrical Technology & Electronics Engineering
- Industrial Management & Entrepreneurship Development
- Machine Tool Technology
- Design and Estimation
- Production Technology - I & II
- CNC Machine & Automation
- Metrology & Measuring Instrument

Labs

- Strength of Materials Lab
- Material Science Lab
- Cad Lab
- Automobile Lab
- Central Workshop
- Dynamics of Machines Lab
- Measurement & Metrology Lab

Career Prospects

- Various job roles in top OEM's
- Private Mechanical Engineering Companies
- Aviation Companies
- Automobile Companies
- Technician
- Clerk
- Supervisor
- Junior Engineer
- Railways
- Government Sector
- Private Sector

“

I chose to study Polytechnic and I have found it to be a fascinating field. One thing I appreciate most about Vishveshwarya Campus is the hands-on approach to learning. We have access to state-of-the-art labs and equipment, which allows us to apply what we learn in the classroom to real-world situations. I would say Vishveshwarya College provides us with the necessary training and resources to prepare for the recruitment process.

FACULTY OF POLYTECHNIC

Department : Electrical Engineering

Polytechnic 3 years BTE (Lucknow, U.P)

DIPLOMA AWARDED
Diploma in Electrical Engineering

A diploma in Electrical Engineering is a field of engineering that generally deals with the study and application of electricity, electronics, and electromagnetism. The field first became an identifiable occupation in the late nineteenth century, after the commercialization of the electric telegraph and electrical power supply. It now covers a range of subtopics, including power, electronics, control systems, signal processing, and telecommunications. There are equally good opportunities for jobs in the electrical engineering industry and higher education.

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic (Electrical Engineering)	3 years	10th Passed or Eligibility Criteria as per Board Norms
Lateral Entry	2 years	12th Passed (PCM) / ITI or Eligibility Criteria as per Board Norms

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Syllabus

- Applied Physics
- Applied Chemistry
- Applied Maths
- Communication Skills

- Engineering Drawing
- Basics of Computer and IT
- General Workshop Practice
- Basic Electrical Engineering
- Analog Electronics
- Basics of Mechanical & Civil Engineering
- Electrical Instrumentation & measurement
- Electrical Machine-I
- Electronics-II
- Electrical Design & Drawing Estimation - I
- Power Plant Engineering
- Transmission & Distribution Of Electrical Power
- Electrical Machine - II
- Industrial Electronic & Control
- Renewable Sources of Energy
- Industrial Management & Entrepreneurship Development
- Installation Maintenance & Repairing of Electrical Equipment & Machines
- Utilization of Electrical Energy
- Electrical Design, Drawing and Estimation - II

Labs

- Electrical Technology Lab
- Electrical Machines Lab
- Electrical Workshop
- Power System Lab
- Electrical Measurements & Measuring Instruments Lab
- Control System Lab
- Power Electronics Lab
- Electric Drives Lab

Career Prospects

- Chief Engineers
- Workshop Manager
- Operations Manager
- Engineering Technologist
- Development and Test Engineers
- Electrical Product Design Engineer
- Project Manager
- Project Head
- An Electrical Engineer can work with the industries, deals in Product Development
- System Management
- Product Design
- Amusement
- Consumers Electronics
- Transportation
- Wireless Communication
- Manufacturing Sector
- Automotive component manufacturing
- Defense and Pharmaceutical Sector

FACULTY OF POLYTECHNIC

Department : Civil Engineering

Polytechnic 3 years BTE (Lucknow, U.P)

DIPLOMA AWARDED
Diploma in Civil Engineering

Civil Engineering deals with the design, construction, and maintenance of the physical and naturally built environment, including works like roads, bridges, canals, dams, and buildings. During the study, the students are exposed to various subjects of Civil Engineering such as planning, drafting (both manual and computer-aided), surveying, estimation and costing, construction technology, the basis of the highway, railway, bridge, airport tunnel, and harbor engineering. The course also offers adequate exposure to reinforce concrete structures, quality control, material testing, construction management & entrepreneurship, professional practice, and office procedures. Students get a feel for an extensive survey, building, drawing, irrigation and bridge drawing, and structural engineering drawing. They are also taught how to use software such as AutoCAD and SolidWorks Pro.

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic (Civil Engineering)	3 years	10th Passed or Eligibility Criteria as per Board Norms
Lateral Entry	2 years	12th Passed (PCM) / ITI or Eligibility Criteria as per Board Norms

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Syllabus

- Applied Physics
- Applied Chemistry
- Applied Maths
- Communication Skills
- Engineering Drawing
- Basics of Computer and IT
- General Workshop Practice
- Computer Aided Drawing
- Applied Mechanics
- Basic of Mechanical And Electrical Engg.
- Strength of Material
- Hydrolics

- Public Health Engineering
- Civil Engineering Drawing - I
- Soil Mechanics & Foundation
- Concrete Technology
- Surveying -I
- Building Const. & Maint. Engg.
- Transportation Engineering
- Earthquake Engineering
- Design of Reinforced Concrete Structure
- Estimation , Costing & Valuation
- Irrigation Engineering
- Design of Steel And Masonary Structure
- Construction Management And Accounts
- Civil Engineering Drawing - II

Labs

- Hydraulics & Hydraulic Machines Lab
- Fluid Mechanics Lab
- Building Material Lab
- Soil Mechanics Lab
- Concrete Lab
- Transportation Lab
- Structure Analysis Lab
- Environmental Lab
- Cad Lab
- Surveying Lab

Career Prospects

- Rain Water Harvesting Mechanism
- Surveying & mapping
- Construction of Buildings
- Estimation & Projection
- Construction Engineer of Dams
- Tunnels Quality Surveyor
- Water Mains line Inspector

FACULTY OF POLYTECHNIC

Department : Fashion Designing & Garment Technology

Polytechnic 3 years BTE (Lucknow, U.P)

DIPLOMA AWARDED
Diploma in Fashion Designing & Garment Technology

Garment Technology is a discipline where the students gets the opportunity to learn about the different technical aspects of the production of garments. A person specialised in Garment Technology is trained enough to look after the technical aspects of the manufacturing of the garments. The technical knowledge of garments also opens the opportunity to become the Consultant of the Fashion Designers and marketing personnel. The pursuers can also enter into the world of glitz and glamour of the fashion world and its culture where they have the chance to excel though their creativity. Having the privilege of visiting different places, working with the reputed brand fashion names of fashion industry and the prospect of becoming a brand through personal creativity are some of the rare successful objectives which is being provided to the students under this course. The world of fashion has immense opportunities for those who have a creative bent of mind and a foresight for fashion. Such candidates owe the magic of fashion in which they can spell a charm to dress up the world.

Eligibility Criteria

Program	3 years	Eligibility
Polytechnic (Fashion Designing & Garment Technology)	3 years	10th Passed or Eligibility Criteria as per Board Norms
Lateral Entry	2 years	12th Passed (PCM) / ITI or Eligibility Criteria as per Board Norms

Mode of Admission

JEECUP Entrance Exam / Vishveshwarya Eligibility Test (VET) or as per Board norms

Syllabus

- Professional Communication
- Fashion Design Concept
- Basic Design & Sketching
- Drafting & Pattern Making-1
- Computer Principle & Application
- Textile Science
- Basic Stitching Techniques
- Embroidery
- Industrial Machine Tools & Equipment
- Design Ideas
- Drafting & Pattern Making-2
- Fabric Selection and Identification
- Leather Science
- Garment Fabrication
- Knitting
- CAD For Costume-1
- CAD for Costumes
- Leather Garment Manufacturing
- Grading
- Jewellery and Fashion Accessories
- Environmental Education & Disaster Management
- Apparel Industry
- Production Management
- Dress Designing
- Business Organization & Entrepreneurship Development
- Fashion Illustration & Model Drawing
- Project
- Field Exposure

Career Prospects

- Technical advisers in large fashion houses or textile factories
- Branded retail stores
- Technical industries are concerned with the large-scale production of uniforms.
- Quality control, marketing plan, and cost-benefit analysis
- Employment in the government sector deals with certain materials and textiles like jute, cotton, and silk.
- You can decide to enter academics and teach garment technology.

FACULTY OF PHARMACY

Department : Pharmacy

 B.Pharm.  4 years  AKTU, Lucknow (UP)

DEGREE AWARDED
Bachelor of Pharmacy

The Pharmacy program is a versatile, interdisciplinary programme that prepares students with a sound knowledge and understanding of the science, technology, and practice of pharmacy. The core subjects include Pharmaceutical Chemistry and Pharmaceutical Analysis (Chemistry of Drugs), Pharmaceutics, Pharmacology, Pharmacognosy, and Pharmacy Practice. The Department of Pharmacy at Vishveshwarya provides the best infrastructure and most experienced faculty to mould aspiring professionals into knowledgeable and skilled professionals.

Eligibility Criteria

Program	 4 years	Eligibility
B.Pharm.	4 years	12th passed (PCM /PCB) with 45% for Gen./OBC or 40% SC/ST or Eligibility Criteria as per University/ PCI Norms
Lateral Entry	3 years	Diploma in Pharmacy or equivalent with agg. 45% for Gen./OBC, 40% for SC/ST or Eligibility Criteria as per University/ PCI Norms

Mode of Admission

As per University/ PCI norms/ Vishveshwarya Eligibility Test (VET)

Syllabus

- Anatomy Physiology
- Patho-Physiology
- Pharmaceutics
- Pharmaceutical Chemistry
- Pharmacology
- Pharmaceutical Technology
- Regulatory Affairs
- Pharmacognosy
- Microbiology
- Biochemistry
- Bio-pharmaceutical

“

Teaching curriculum can be found anywhere but VGI is one place where teaching is provided with the approach to enable students with practical knowledge of their subject area. Our Laboratories at pharmacy is one such place where we were always given the guidance to experience the practicality of our domain. And I feel so happy that because of such kind of freedom of learning at VGI today I stand at my profession with pride and confidence.

- Govt. Hospitals, Primary Health Centers

FACULTY OF BUSINESS ADMINISTRATION

Department : BBA (UG)

BBA 3 years CCS University Meerut, (UP)

DEGREE AWARDED

Bachelor of Business Administration

The curriculum of BBA program has been designed in close consultation with Industry Experts. The vision of the BBA Program is to impart premium, high-quality education with a global focus that ensures our students take confident first steps in understanding the basics of management and later progress to an MBA and other management-related specializations. Students are benefitted by live-project exposure and extensive industry interaction. Taught by highly qualified faculty, our students are ready to embrace their future roles as management leaders.

Eligibility Criteria

Program	3 years	Eligibility
BBA	3 years	12th passed (any stream) with agg. 45% for Gen./ OBC, 40% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

As per University norms / Vishveshwarya Eligibility Test (VET)

Syllabus

- Principles of Management
- Business Communication
- Mathematical Foundation for Business Administration
- General Economics
- Finance Accounting
- Organisational Behaviour
- Principles of Marketing
- Income Tax
- Corporate Laws
- Contemporary Auditing
- Corporate Accounting
- Computer Application in Business and data Processing
- Strategic Management
- Management Accounting
- E-Commerce
- Management Information System
- E-Banking
- E-Marketing
- Business Research Methodology

FACULTY OF BUSINESS ADMINISTRATION

Department : MBA (PG)

Specialization : Finance, Marketing, HR, Operations, IT & IB

MBA 2 years AKTU Lucknow, (U.P)

DEGREE AWARDED

Master of Business Administration

The MBA degree program at Vishveshwarya campus is specifically designed to keep in mind the needs of the business leaders of tomorrow, who are required to work in a globalized scenario. The program has innovative training methods that inculcate both managerial skills and a sense of responsibility towards society as part of corporate citizenship.

This innovative program is structured in such a way that it exclusively focuses on the needs and demands of corporate recruiters for management graduates.

The program exclusively focuses on the practical aspects of management, and students are exposed to corporate processes that enrich them in every aspect of management. Personality development is given special attention. English communication skills, relationship management, team building, decision-making, leadership, etc. Along with this the students are also enriched with industry-specific certification courses, such as retail marketing, digital marketing, supply chain management, advanced Excel, etc., from national-level organizations.

Regular industrial visits, corporate speeches, seminars, and industry-oriented workshops are part of day-to-day learning at the MBA.

Live projects with reputed corporate houses like TCS, Tech Mahindra, HCL, Religare, etc. are also planned from time to time.

Eligibility Criteria

Program	2 years	Eligibility
MBA	2 years	Graduation (any Stream) with agg. 50% for Gen./OBC, 45% for SC/ST or Eligibility Criteria as per University Norms

Mode of Admission

www.vgi.ac.in

Career Prospects

- Anchor
- Content Writer
- Copy Writer
- Event Management
- Journalist/reporter
- Content Marketing Manager
- Public Relations Specialist
- Social Media Manager
- News Analyst
- Photo Journalist
- Animator
- Video Editor
- Radio Editor
- Video Jockey
- Broadcast Producer
- Script Writer
- Media Consultant
- Fashion Photographer
- TV Correspondent
- Production of Film & TV

BACHELOR OF DESIGN*

Branch : Product Design | Communication Design

 Bachelor of Design  4 years  CCS University Meerut, (UP)

DEGREE AWARDED
Bachelor of Design

Bachelor of Design (B.Des) or B. Design is an established degree in the design field at the undergraduate level. It is a four-year program that provides technical knowledge to the participants in various fields relating to the fashion industry, Apparel Industry, Leather Industry, Knitwear Design, Accessory Design, etc., and much more. Students who pursue B. Des courses get exposure to the design industry through internships, events, and exhibitions at the national level as well as at the international level. Students who are keen to join various industries like fashion, leather, film, video, and product design can opt for these courses. The course will upgrade their abilities and give them a vision of future challenges. It also gives them immense job growth and opens new avenues.

Eligibility Criteria

Program	 4 years	Eligibility
Bachelor of Design	4 years	12th passed (any stream) or Eligibility Criteria as per University Norms

Mode of Admission

As per University norms / Vishveshwarya Eligibility Test (VET)

Syllabus

1st Semester

- Fundamentals of Arts & Design
- Design and Human Evolution
- Cad-Photography
- Design Studio-I Problem Identification
- Art Representation & Transformation

2nd Semester

- World of Images and Objects
- Knowledge Organization and Communication
- Typography Fundamentals and Exploratory Printing
- Design Studio-II Problem Identification
- Image Representation- II

3rd Semester

- Product Photography
- Digital Illustration Techniques-I
- Design, Society, Culture & Environment
- Design Studio Practice-3
- Environmental Studies -Science and Engineering

4th Semester

- Elective-2D Visual Studies -II or 3D Form Studies -II
- Digital Illustration Technique -II
- Communication Theories, Visual Perception and Semiotics
- Applied Mathematics
- Summer Project

5th Semester

- Elements of Form
- Ergonomics
- Material and Process
- Design Project
- Craft & Cultural Documentation

6th Semester

- Product Packaging Design
- Developmental Elective
- Design Project IV
- Material and Process - Elective III
- Professional Core Elective II

7th Semester

- Product Design Project-3

FACULTY OF LAW

Department : LLB

 LLB
  3 years
  CCS University Meerut, (UP)

Approved by Bar Council of India

DEGREE AWARDED
Bachelor of Law

One thing that makes Vishveshwarya College of Law unique is our learning methods. Practicing lawyers do not sit around reading dusty law books all day. They work with the law, with people, and with businesses. The students are put in a real-life scenario to get exposure to practical knowledge. We will guide them to use the law, and legal documents, and to deal with clients in a range of situations. Here, academic excellence, opportunity, and connections combine dynamically to discover the potential and succeed in today's global business scenario.

EDUCATION LOAN

Getting an education loan is an easy way to finance your dreams. A student loan can help you get into the course and college of your choice. We have tie up with **Grayquest Education Finance Pvt. Ltd. and The Investment Trust of India Edvest**. They provide tie-up education loans to the students at 0% cost EMI (Interest free Installments). Hence, the student has to pay only the principal amount in EMIs.

Documents Required for Education Loan :

You need to furnish the following documents along with the completed application form. Relevant information would relate to the guardian and the student both, if the loan is jointly taken.

- Mark sheet of last qualifying examination of school and graduate studies in India
- Proof of admission to the course
- Schedule of expenses for the course

KYC Documents

ID Proof

- Adhar card
- Pan card
- Voter ID card
- Passport
- Driving license

Address Proof

- Electricity bill
- Landline bill
- Piped gas bill
- (*Select any one document from ID proof & address proof each)
- 2 colored photographs

Financial Documents

Salaried

- Last 3 months bank statement and latest salary slip

Self Employed

- Last 6 months bank statement

EMI Calculation :

The yearly EMI would be calculated by breaking up the loan amount into monthly installment and it can vary depending on the course fee and loan taken. The estimated monthly installment shall be from the approx amount of Rs. 4000 to Rs. 13000. The candidate will get the loan amount on 0% cost EMI (interest free installments).

Repayment Schedule :

The repayment would begin one month after the student get the loan amount. The student are expected to pay the EMI's on monthly basis to Grayquest

Benefits of enrolling from Grayquest

- Interest Free Installments
- Quick & hassle-free process
- Decisions making in minutes
- No collateral or hidden charges
- Simple and transparent process
- Minimum paperwork

One can also apply for Education Loan from

- **Public Sector Banks**
(Such as SBI, PNB, Canara Bank, Bank of India, UCO Bank, Vijya Bank etc.)
- **Private Sector Banks**

ALUMNI EXCELLENCE

Alumni are the brand ambassadors of the institutions. The Vishveshwarya Campus alumni association is always available to have a friendly voice chat with the students in their final year. The goal is to mentor the students to help them gain the required skills and confidence to explore the areas of their interest. We have a proud legacy of over 24,000+ alumni.

Benefits :

- Free Career Mentoring from Alumni Professionals
- Professional Global Networking
- Alumni Reunions and Special Events and many more

“

I got selected to work at Maruti Suzuki through campus placement. I was promoted to Assistant Manager - Engineering within a year, whereas others took 3 years to get there. Today I am working as an MD at BMW. This would not have been possible without the constant guidance of the Vishveshwarya Campus team.

“

The focus of my comments should be what I gained in my professional life. But instead, I chose to focus on what I gained at Vishveshwarya Campus. Vishveshwarya Campus, its faculty, and other members taught me that it is not only important to be successful, but also to be a good person.

HOW TO APPLY

To make your application to Vishveshwarya Campus smooth and stress-free, follow this step by step guide.

STEP 1 

Think about which course you really want to pursue.

STEP 2

Create your own "virtual open day" to get a feel for our campus and its facilities, and then book one of our live open days to meet the faculty & get a feel for the place of your study.

STEP 3 

When you have made up your mind about which course to apply for, you can fill out and submit the "Application Form" available at our campus along with photocopies of your documents, or you can send the scanned copy of the filled-out application form along with photocopies of all documents to coo@vji.ac.in.

STEP 4 

Once your application has been received and accepted, you will be notified about the Vishveshwarya Eligibility Test date.

Note: Students are exempted from the Vishveshwarya Eligibility Test if he/she appears in the University level or National level entrance test & get selected.

STEP 5

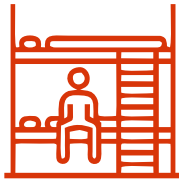

Once you have cleared the Vishveshwarya Eligibility Test, you will receive a selection letter and be notified to submit the fee to confirm your admission. 

STEP 6

After submitting the fee, you will get the Admission letter and provisional fee receipt from Vishveshwarya Campus.

STEP 7

Once your admission is done, you must take and confirm your accommodation at Vishveshwarya Campus. 

WELCOME

You will be invited to our 'Welcome Week Orientation Program' in August-September, during which you can meet with your new friends, explore the campus, and most importantly, have fun! 

ONLINE PROCESS

Visit this link vji.ac.in/register 

Create an account by filling the details and complete the **E-Mail verification process** sent on your mail 

Click **apply online** & fill the application form 

Attach and upload softcopy of **documents, passport size photograph, signature** and all other relevant documents & submit the form 

Make online **payment** of **Rs.1100** for application form 

Once your payment has done successfully your application form will get submitted to us. **our admission counselor will contact you.**
